

Dating Abuse

According to statistics, more than 12% of all college females are victims of dating abuse today on our campuses. Abusive males will use the following methods to manipulate and control: intimidation, Isolation, emotional abuse, economic abuse, sexual abuse, threats and using male privilege. Bob explains and uses numerous examples of each so you will recognize immediately an abuser and leave the relationship in it's early stages. Do something about abuse, know your rights, assertion techniques, saying no and getting help.

Date Rape and Sexual Assault

Two different studies show 25% of all college females will be the victim of rape. Colleges and Univ. work diligently to increase student safety with more call boxes, better lighting, increased security personnel etc. However, only 15% of all rapes are by someone "jumping out of the bushes" on campus. Bob takes care of the other 85% of the problem with his presentation.

Identity Theft

One of the fastest growing crimes in the US is Identity Theft and college students are easy "marks". Bob will explain the 7 most important things you need to know to prevent Identity Theft. Bob will show in detail exactly what must be done, and in what order, if you are a victim of Identity Theft. This is a must for all college freshmen.

Bob is unique and gives an added dimension to a professional speaker. He stays on campus all day from 9-5 and will even speak to a class before or after his presentation. He also remains for questions and answers after his presentation.

Bob can engage your students about safety issues on a college campus. Great for Orientation or for a campus wide response to a safety problem. His show can be tailored to your specific safety concerns.

Call today!

Safer Sex

There is no such thing as totally safe sex only safer sex. With recent reports of over 58 sexually transmitted infections (2 of them fatal) the relevance and importance of Bob's presentation becomes self-evident. Bob's presentation examines the most common STP's, outside agencies, clinics and practical safety measures that must be taken by every student.

Sexual Education

Sex education is almost non-existent in the family setting and America's communities are not covering even a quarter of what is necessary. The United States has the highest rate of unwanted pregnancy among the world's nations and it is rising.

Domestic Violence

Each year four thousand women die as a result of domestic violence and 95 % of all victims are women. DV is not limited to any geographic area, income level, ethnic background, profession, educational level, religious affiliation and is a leaned behavior. Battering is the single major cause of injury to women, more common than auto accidents, rapes, and muggings combined. Bob will show you the warning signs, proper ways to deal with it, how to protect yourself and how to get away from it.

Alcohol/Drug Awareness

Bob has been speaking about alcohol and drugs for more than 30 years. He augments his presentation with many funny and serious stories designed to encourage the audience to combine planning for the future with living in the moment. He has practical and achievable suggestions that help the students improve their health. In addition he will show students how to maintain their safety at parties while still having a great time.

Another Safety Topic

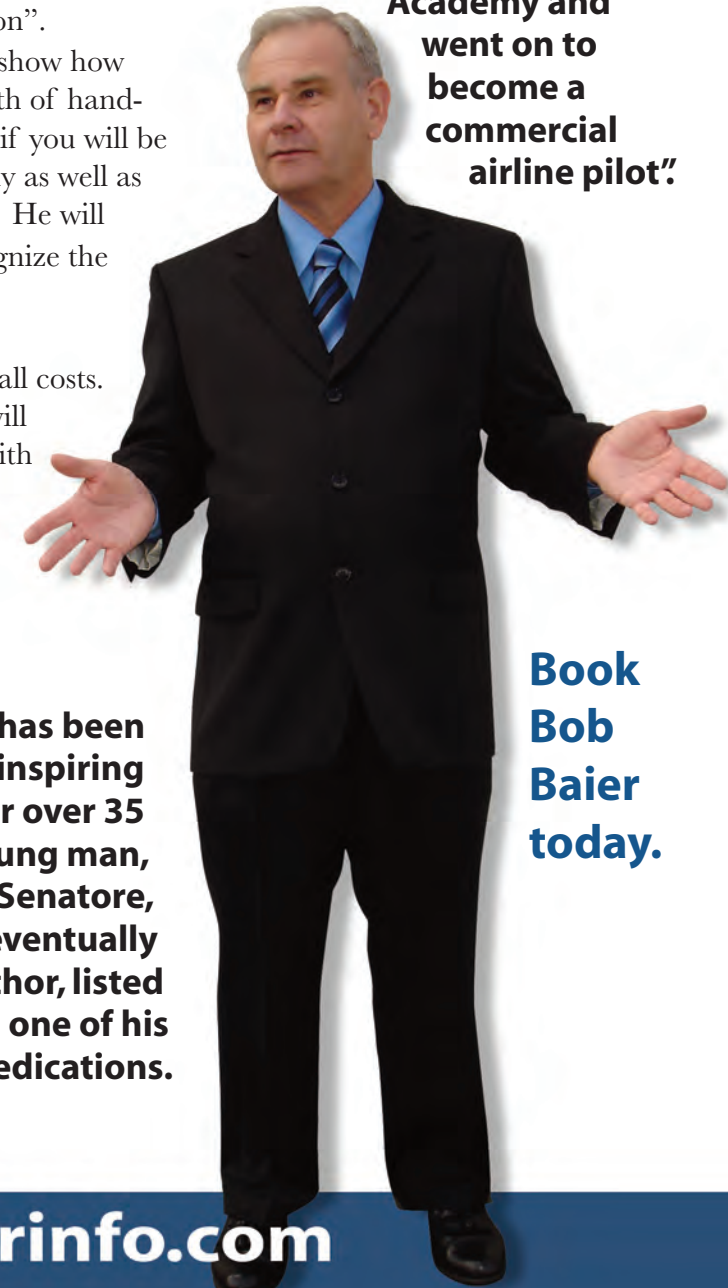

One of Bob's most popular topics is "Dating – Be safe and have fun – it is possible to date the right person".

In this topic, Bob will show how to use 10 minutes worth of handwriting analysis to see if you will be compatible emotionally as well as physically with a date. He will show you how to recognize the 10 "terrible traits" in handwriting . . . traits to be avoided at all costs. This enjoyable topic will amaze the audience with its simplicity and its importance.

Bob has been motivating and inspiring young people for over 35 years. One young man, Thomas James Senatore, a student who eventually became an author, listed Mr. Baier in one of his book dedications.

Michael Grabowski said "It was because of you that I turned myself around, entered the Air Force Academy and went on to become a commercial airline pilot!"

ATTENTION CAMPUS ACTIVITIES PROGRAMMERS

FROM A SKEPTIC TO A TOTAL BELIEVER

WORTH 10 TIMES THE MONEY

I have hosted international conferences for 2 decades. Bob Baier consistently receives a standing ovation and our audience's highest ratings. Bob is the most prepared speaker I've ever booked, always tailors his words to the various audiences and finishes exactly on time. Bob speaking skills are "mesmerizing, knowledgeable, inspiring, humorous, and dependably appropriate." If you want a no-risk hit speaker, place Mr. Baier at the top of your speaker list.

ALL MY FRIENDS NEED TO HEAR HIM

It is my privilege to highly recommend Bob Baier. I have heard Bob speak twice, and each time was a great success. He is a dynamic speaker with a wonderful sense of humor. He knows his material thoroughly and is well prepared. Your audience will thoroughly enjoy listening to and learning from Bob.

C. Emery
Norman, OK

INFORMATIVE, CAPTIVATING AND ENTERTAINING

It has been my pleasure on several occasions to hear Bob Baier speak. When there is a line-up of speakers, no one wants to follow Bob. He captivates his audiences with personal stories that are humorous and have a message. His presentation is impeccable, always doing a little more rather than leaving it to chance. You will be pleasantly surprised at his casual and enjoyable interaction with the audience. If you give him a try he will quickly become a favorite presenter at your facility.
